

CHATTERS SPEND **4X**
LONGER ON YOUR SITE

cometchat

Features that your users will love!

No longer wait for
those slow
PMs

REAL-TIME CHAT

SHARE FILES, DOCUMENTS, SMILEYS...

Send photos, collaborate
on documents, share
screens, send smileys,
speak in different
languages and more!

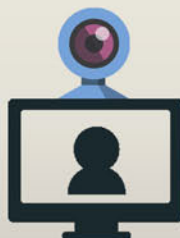

Enable your users to chat in real-time with each other

VOICE & VIDEO CONVERSATIONS

Enable your users to have a voice & video conversation
with each other directly from your site

Get them to know each other personally
and keep them coming back to your site

FUN, FUN, FUN

Play hundreds of high quality
games or challenge friends in
two player games!

Keep them glued to your site for hours

cometchat

Features that you will love!

Your users are logged into CometChat, the moment they login to your website

AUTOMATIC USER LOGIN

FRIENDS LIST SYNCHRONIZATION

Automatic integration with your friends list (if you have one), so your users can chat with their friends directly from CometChat

INBOX (PM) SYNCHRONIZATION

Chat messages are auto-magically synchronized with your users' inbox (for EasySocial, JomSocial and more)

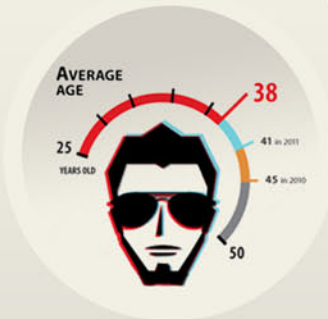

So your users can chat from anywhere!

USER PROFILES & AVATARS

CometChat auto links usernames, avatars and profiles

Users can just click on a particular user and visit that profile easily
